## web design

share your vision with the world – quickly. our team of website designers and developers can complete your web project fast and timely.

## web development

we turn creative, awe-inspiring designs (yours and ours) into websites and apps through our experienced developers and designers.

## mobile app development

the mobile experience is quickly becoming the #1 way for businesses to reach their customers. let us help you create an android and/or iOS app that wows the world.

## graphic design

create high-impact visual media and print design. we create professional designs from logos and brochures to templates and style guides.

## content writing

get more engagement, have more influence, generate more revenue...just by sharing your thoughts with the world. our skilled team of copy and ghost writers can create content tailored to your specific audience and industry.

## social media management

it can be a challenge to focus on what your followers are saying, even when what they're saying helps make your business better. let our team manage your social conversations while you manage your bottom line.

## market research

our team of researchers & data collection specialists can provide your company with insights & segment data to grow faster and make better decisions. the world wants to hear your story.

## animated video production

our creative team of designers will bring your vision to life through the power of animation. using video production platforms like GoAnimate, we'll tell your story in an interactive way that your clients will love.

## powerpoint design

more imagery; less words. our team of creative designers can help you tell your story and make your next presentation a huge hit.

## virtual assistant services

Welcome to nitara  
virtual assistant services!  
We hope to be your first choice  
for all digital marketing,  
administrative,  
secretarial, and client

you at rates starting as low  
as \$14 per hour.

# why nitara?

we believe your vision is the story the world is waiting to hear.  
we want to help you tell it.

through the use of creative imagery, compelling content and dynamic analytics, we help you bring your narrative to life. we dig deep to help you discover what pieces of your story will flourish, then we help you tell it...one chapter at a time.

we believe nitara is where vision and value collide. we'll help you navigate the sometimes stressful decisions involved with creating, nurturing and growing your brand without breaking your budget.

choose a team where cultivating  
vision is deeply rooted in value.
